—was read the second time by title.

Senators Hollahan and Graham offered the following amendment which was adopted on motion by Senator Hollahan:

**Amendment 1**—On page 2, strike everything after the enacting clause and insert the following:

Section 1. Paragraph (a) of subsection (1) of section 554.02, Florida Statutes, is amended to read:

554.02 Members; number, terms, compensation, etc.—

(1)(a) The Inter-American center authority shall consist of seven members, one of whom shall be the secretary of the department of community affairs. The other six members of the authority shall be appointed by the governor as follows: one member from three nominees submitted by the board of county commissioners of Dade County; two members from five nominees submitted by the city commission of the City of Miami; and three members from five nominees submitted by the city council of the City of North Miami. All appointed members shall serve for terms of two years or until their respective successors are duly appointed and qualified. Commencing upon the termination of terms in effect on July 1, 1971, terms of appointed members shall be for a period of ~~four~~ <sup>three</sup> years, except that in 1972, in order to provide staggered terms, one appointee from the nominees submitted by the city commission of the City of Miami and one appointee from the nominees submitted by the city council of the City of North Miami shall be appointed for ~~two~~ <sup>one</sup> year and one appointee from the nominees submitted by the city council of the City of North Miami and the member nominated by the county commission of Dade County shall be appointed for ~~three~~ <sup>two</sup> years. Three nominations shall be made for each subsequent vacancy on the authority by the local governmental agency whose representation on the authority is affected by such vacancy.

Section 2. Subsection (5) is added to section 554.06 to read:

554.06 Definitions.—The following words and terms employed in this chapter shall have the following meanings unless the context otherwise requires:

(5) The terms "bonds" and "revenue bonds" shall mean and embrace any bonds, notes or other obligations of the authority in respect of borrowing or financing, whether secured or unsecured.

Section 3. Subsection (10) of section 554.07, Florida Statutes, is amended to read:

554.07 Powers.—The authority shall have power:

(10) To borrow money for any of its authorized purposes and for expenses incidental thereto including expenses incurred during the period of organization and construction prior to the operation of the center, and to issue obligations with respect to such borrowings, including, without limitation, notes, secured or unsecured, and negotiable revenue bonds payable solely from revenues accruing from the operation of such center, or any part or parts thereof, and from authorized activities incidental thereto; to pay interest with respect to such borrowings not exceeding the maximum allowable by law; and to provide for the payment of such borrowings and interest ~~same~~; and to fix rates and to make collections for the use of the facilities and services of the authority; and to execute mortgages or trust indentures, as may be required, for the financing of the authorized activities of the authority.

Section 4. Subsection (13) of section 554.07, Florida Statutes, is amended to read:

554.07 Powers.—The authority shall have power:

(13) To engage in any lawful business or activity deemed by it to be necessary, convenient, appropriate or useful in the full exercise of its powers to establish, finance and operate an Inter-American cultural and trade center under the provisions of this chapter, including the leasing for revenue of any land, improved real estate or personal property directly related to or appropriate in connection with the financing or conduct of the center or reserved for its future use or expansion. Within the meaning of this chapter any use of the property of the authority, real or personal, shall be deemed necessary, convenient, appropriate or useful which stimulates, assists and fosters international and domestic patronage, trade, culture, education, good will or the advancement of living standards or which enhances the attractiveness of the center or the efficiency of its operations, or which provides revenue to the authority from said property pending its future use for any of the purposes of the center.

Section 5. Subsection (3) of section 554.071, Florida Statutes, is amended to read:

554.071 Additional powers and authority.—

(3) To enter into contracts with any agency of the state or with Dade county or any municipality therein in connection with the financing or operation of the center or for the purpose of providing police and fire protection, water, sanitation and any other public services deemed advisable by the authority, and any such agency, county or municipality is hereby authorized to enter into such contracts; and

Section 6. Subsection (5) is added to section 554.08, Florida Statutes, to read:

554.08 Issuance of revenue bonds.—

(5) Any agency of this state and Dade County and any municipality therein may, and is hereby authorized to, enter into an agreement with the authority and the holders of bonds issued pursuant to this section, their agents, representatives, or trustees to accept, in whole or in part, at any time, and from time to time, such bonds, bond coupons, or any payments of principal and interest coming due with respect to such bonds in payment and satisfaction of any obligation to such agency, county or municipality, including ad valorem taxes, and to otherwise cooperate with and assist the authority in connection with any such financing.

Section 7. Subsection (6) is added to section 554.08, Florida Statutes, to read:

554.08 Issuance of revenue bonds.—

(6) The provisions of this section are not exclusive.

Section 8. Subsection (1) of section 554.30, Florida Statutes, is amended to read:

554.30 Specific revenue bond.—

(1) The authority shall issue a revenue bond to the City of North Miami in the amount provided by the City of North

Miami to the authority for the purpose of satisfying the existing bonded indebtedness of the authority *plus the amount of any interest paid by the city in connection therewith*. Said bond shall be for a term not exceeding thirty years and shall contain such provisions as are determined by the authority.

Section 9. Paragraph (b) of subsection (2) of section 554.30, Florida Statutes, is amended to read:

554.30 Specific revenue bond.—

(2)

(b) *As set forth in said bond* all revenue of the authority in excess of operating expenses and development costs *as defined in said bond*, including, but not limited to, lease income, concession fees, gate receipts, parking receipts, and any other income of the authority, shall ~~also secure said revenue bond only to provide for whatever debt service is necessary to supplement the funds set forth in paragraph (a) subsection (2) (a).~~

Section 10. Section 554.32, Florida Statutes, is amended to read:

554.32 *Pledge of land to private persons or organizations* ~~land pledged as security~~.—Any provision of this chapter to the contrary notwithstanding, none of the land comprising the Graves tract and transferred to the authority under this chapter shall be pledged to any private person, individual, group, partnership, association, corporation, organization or other private entity or entities as security for the payment of any debt.

Section 11. Section 554.33, Florida Statutes, is amended to read:

554.33 Conveyance by the authority, option to acquire by board of trustees of internal improvement trust fund.—No transfer, lease, conveyance, or further encumbrance inconsistent with the ~~normal and planned~~ development of a cultural and trade center as provided in this chapter or as specifically provided in §554.29(1)(a), (b) and (c) shall be made without prior approval from the board of trustees of the internal improvement trust fund or its successors.

~~At such time as a request for approval to transfer or convey is made to the board of trustees, the board of trustees shall have the option to acquire and obtain conveyance of all of the real assets from the authority, assuming thereby the obligations of the authority and encumbrances upon said assets.~~

Section 12. Section 554.35, Florida Statutes, is created to read:

554.35 Sale of authority obligations.—

*Obligations issued to finance projects of the authority may be sold by private or negotiated sale by the division of bond finance of the department of general services on behalf of the authority.*

Section 13. If any provision of this act is held to be invalid such holding shall not affect any other provision hereof.

Section 14. This act shall take effect upon becoming a law.

Senators Hollahan and Graham offered the following title amendment which was adopted on motion by Senator Hollahan:

**Amendment 2**—On pages 1 and 2, strike the title and insert the following:

**CONFERENCE COMMITTEE AMENDMENT 1**—On page 1, line 18, strike everything after the enacting clause and insert:

Section 1. Short title.—This act shall be known as “the comprehensive family planning act.”

Section 2. Legislative intent.—It is the intent of the legislature to make available to citizens of the state of child-bearing age, comprehensive medical knowledge, assistance, and services relating to the planning of families and maternal health care.

Section 3. Access to services; prohibitions.—Except as otherwise provided in this act, no medical agency or institution of this state or unit of local government shall interfere with the right of any patient or physician to use medically acceptable contraceptive procedures, supplies or information or to restrict the physician-patient relationship.

Section 4. Authority and powers.—

(1) The department of health and rehabilitative services shall implement a comprehensive family planning program which shall be designed to include, but not be limited to, the following:

(a) Comprehensive family planning education and counseling programs;

(b) Prescription for and provision of all medically recognized methods of contraception;

(c) Medical evaluation including cytological examination and other appropriate laboratory studies;

(d) Treatment of physical complications other than pregnancy resulting from the use of contraceptive methods;

(e) Provision of services at locations and times readily available to the population served; and

(f) Emphasis and stress on service to post partum mothers.

(2) Services shall be available to all persons desirous of such services, subject to the provisions of this act, at a cost based on a fee schedule prepared and published by the department of health and rehabilitative services. Fees shall be based on the cost of service and ability to pay.

Section 5. Maternal health and contraceptive information and services of a non-surgical nature may be rendered to any minor by persons licensed to practice medicine under the provisions of chapter 458 or 459, Florida Statutes, as well as by the department of health and rehabilitative services through its family planning program provided the minor:

(1) is married, or

(2) is a parent, or

(3) is pregnant, or

(4) has the consent of a parent or legal guardian, or

(5) may suffer, in the opinion of the physician, probable health hazards if such services are not provided.

Application of non-permanent internal contraceptive devices shall not be deemed surgical procedures.

Section 6. The provisions of this act shall not be interpreted so as to prevent a physician or other person from refusing to furnish any contraceptive or family planning service, supplies or information, for medical or religious reasons; and the physician or other person shall not be held liable for such refusal.

Section 7. This act shall take effect July 1, 1972.

**CONFERENCE COMMITTEE TITLE AMENDMENT 2**—On page 1, lines 3—7, strike all of lines 3 through 7 and insert: An act relating to family planning; providing intent; providing for access to services; authorizing the department of health and rehabilitative services to implement a comprehensive family planning program;

Deeb                      Lewis (33rd)

By unanimous consent Senator Childers was recorded as voting yea.

SB 629 was taken up, together with:

By the Committee on Natural Resources and Conservation—

CS for SB 629—A bill to be entitled An act relating to environmental land and water management, and landowners' rights to compensation; authorizing the state land planning agency to designate areas of critical state concern and to specify principles for guiding development therein, subject to approval by the administration commission, authorizing regional planning agencies to recommend areas for such designation; providing procedures for the designation of such areas; authorizing local governments to adopt appropriate land development regulations for such areas subject to approval of the state land planning agency; providing for the adoption of land development regulations by the state land planning agency in the absence of local regulations; providing for the protection of holders of existing permits or rights to develop land; limiting the land area on which development can be restricted; defining the types of development that have regional impact; authorizing regional planning agencies to recommend types of development as having regional impact; prohibiting the undertaking of development of regional impact except in areas regulated through local zoning or in areas of critical state concern except upon ninety (90) days notice; establishing procedures for issuing permits for development of regional impact; providing for the mailing by the state land planning agency of a weekly list of development proposals having regional impact; requiring the consideration of the effect of such development on the state and region in the process of issuing such permits; authorizing regional planning agencies to provide technical assistance to local governments in evaluating development proposals of regional impact; designation of the administration commission as a Florida land and water adjudicatory commission; providing for the powers and duties of the commission; creating a right of appeal to the commission from decisions in areas of critical state concern or regarding development of regional impact; setting forth procedures for such appeals; authorizing

the commission to issue decisions on such appeals; providing for the protection of landowners' constitutional rights and requiring specification of reasons for denying development permits; creating an environmental land management study committee, and designating its functions; directing the committee to prepare and submit a report; providing that the state land planning agency shall consult with the committee, providing for an executive director and staff for the committee; providing an appropriation of one hundred fifty thousand dollars (\$150,000); creating the landowners' rights compensation act; authorizing the purchase of interests in land by state or local agencies as a means of supplementing the exercise of police powers; providing for the purchase of a fee simple or lesser interests; providing a method of valuing the interest purchased; authorizing the purchase of interests in land as a means of settling litigation; providing a method of valuation of interests in land on disposal or modification; providing for severability; providing effective dates.

—which was read the first time by title and SB 629 was laid on the table.

On motion by Senator Williams, by two-thirds vote, CS for SB 629 was read the second time by title.

The Committee on Ways and Means offered the following amendment which was moved by Senator de la Parte:

**Amendment 1**—On pages 4—33, strike everything after the enacting clause and insert: Section 1. Joint environmental land management study committee.—

(1) There is hereby created a joint environmental land management study committee which shall consist of five members of the house of representatives, appointed by the speaker of the house, and five members of the senate, appointed by the president of the senate. The committee shall continue in existence until its duties are terminated, but not later than June 30, 1974. Members of the committee shall serve without additional compensation but shall be reimbursed for traveling expenses as provided in section 112.061, F.S.

(2) The committee shall study all facets of land resource management and land development regulation with a view toward insuring that Florida's land use laws give the highest quality of human amenities and environmental protection consistent with a sound and economic pattern of well planned development, and shall recommend such new legislation or amendments to existing legislation as are needed to achieve that goal.

(3) As part of its work the committee shall review the land use laws of other states, the relevant federal laws, the progress of the American Law Institute's project to draft a model land development code, and the general pattern of court decisions in the land use area. The committee shall examine techniques for encouraging new types of well planned development including methods of regulating planned unit "developments and new communities.

(4) The committee shall also consult with local governments and regional planning agencies regarding their land use problems, and shall obtain the views of the public, including the views of persons and professions concerned with land development, of representatives of the academic community concerned with the use of land, and environmental and other interested groups.

(5) The committee shall prepare and submit to the governor and the legislature not later than December 31, 1972, an initial report which shall contain:

(a) Such proposals for changes in legislation as are recommended by the committee;

(b) Drafts of model development ordinances which will assist local governments in adopting development ordinances as required by this act; and

(c) Such other findings and recommendations as the committee chooses to make.

The committee shall prepare and submit to the governor and the legislature on December 31, 1973, and June 30, 1974, additional reports which shall contain the items listed in (a) thru (c) of this subsection."

(6) The committee shall employ an executive director and may employ such other staff and consultants as needed to carry out its functions.

Section 2. Appropriations.—The sum of one hundred fifty thousand dollars (\$150,000) is appropriated from the general revenue fund for the purpose of paying salaries and other administrative expenses and costs necessary to carry out the provisions of this act.

(7) The department of administration is hereby directed to provide such staff and necessary technical assistance to the committee and its staff to assist it in preparing the reports and studies provided for in subsections 2 thru 5 of Section 1 of this act.

Section 3. This act shall take effect on becoming law.

Senators Williams and Graham offered the following substitute amendment which was moved by Senator Williams:

Amendment 2—On page 4, line 6, strike everything after the enacting clause and insert:

Section 1. Short title. This act shall be known and may be cited as "The Florida Environmental Land and Water Management Act of 1972."

Section 2. Purpose.—It is the legislative intent that, in order to protect the natural resources and environment of this state as provided in section 7 of article II of the constitution of this state, and to insure a water management system that will reverse the deterioration of water quality and provide optimum utilization of our limited water resources, and to facilitate orderly and well planned development, and to protect the health, welfare, safety, and quality of life of the residents of this state, it is necessary to adequately plan for and guide growth and development within this state. In order to accomplish these purposes, it is necessary that the State of Florida establish land and water management policies to guide and coordinate local decisions relating to growth and development, and that such state land and water management policies should to the maximum possible extent be implemented by local governments through existing processes for the guidance of growth and development, and that all the existing rights of private property be preserved in accord with the constitution of this state and of the United States.

Section 3. Definitions.—As used in this act:

(1) "Administration Commission" or "Commission" means the governor and cabinet as provided for in Section 20.31, Florida Statutes.

(2) "Development order" means any order granting or denying or granting with conditions an application for a "development permit."

(3) A "development permit" includes any building permit, zoning permit, plat approval, rezoning, certification, variance, or other action having the effect of permitting development as defined in this act.

(4) "Developer" means any person, including a governmental agency, undertaking any development as defined in this act.

(5) "Governmental agency" means:

(a) The United States or any department, commission, agency, or other instrumentality thereof; or

(b) This state, or any department, commission, agency, or other instrumentality thereof; or

(c) Any local government as defined in this act or any department, commission, agency, or other instrumentality thereof; or

(d) Any school board or other special district, authority, or other governmental entity.

(6) "Land" means the earth, water, and air, above, below or on the surface, and includes any improvements or structures customarily regarded as land.

(7) "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land.

(8) A "Land Use" means the development that has occurred on land.

(9) "Local government" means any county or municipality, and, where relevant, any joint airport zoning board.

(10) "Major public facility" means any publicly-owned facility of more than local significance.

(11) "Parcel" of land means any quantity of land capable of being described with such definiteness that its location and boundaries may be established, which is designated by its owner or developer as land to be used or developed as a unit, or which has been used or developed as a unit.

(12) "Person" means an individual, corporation, governmental agency, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, or any other legal entity.

(13) "Regional planning agency" means the agency designated by the state land planning agency to exercise responsibilities under this act in a particular region of the state.

(14) "Rule" means a rule adopted under chapter 120, Florida Statutes.

(15) "State land development plan" means a comprehensive statewide plan or any portion thereof setting forth state land development policies.

(16) "State land planning agency" means the agency designated by law to undertake statewide comprehensive planning.

(17) "Structure" means anything constructed or installed or portable, the use of which requires a location on a parcel of land. It includes a movable structure while it is located on land which can be used for housing, business, commercial, agricultural, or office purposes either temporarily or permanently. Structure also includes fences, billboards, swimming pools, poles, pipelines, transmission lines, tracks, and advertising signs.

Section 4. Definition of development.—

(1) "Development" means the carrying out of any building or mining operation, or the making of any material change in the use or appearance of any structure or land and the dividing of land into three (3) or more parcels.

(2) The following activities or uses shall be taken for the purposes of this act to involve development as defined in this section:

(a) A reconstruction, alteration of the size, or material change in the external appearance of a structure or land.

(b) A change in the intensity of use of land, such as increase in the number of dwelling units in a structure, or on land, or a material increase in the number of businesses, manufacturing establishments, offices, or dwelling units in a structure or on land.

(c) Alteration of a shore or bank, of a seacoast, river, stream, lake, pond, or canal, including any coastal construction as defined in section 161.021, Florida Statutes.

(d) Commencement of drilling (except to obtain soil samples), mining, or excavation on a parcel of land.

(e) Demolition of a structure.

(f) Clearing of land as an adjunct of construction.

(g) Deposit of refuse, solid or liquid waste, or fill on a parcel of land.

(3) The following operations or uses shall not be taken for the purpose of this act to involve development as defined in this section:

(a) Work by a highway or road agency or railroad company, for the maintenance or improvement of a road or railroad track, if the work is carried out on land within the boundaries of the right-of-way.

(b) Work by any utility for the purpose of inspecting, repairing, or renewing any sewers, mains, pipes, cables, utility tunnels, powerlines, towers, poles, tracks or the like.

(c) Work for the maintenance, renewal, improvement or alteration of any structure, if the work affects only the interior or the color of the structure or the decoration of the exterior of the structure.

(d) The use of any structure or land devoted to dwelling uses for any purposes customarily incidental to enjoyment of the dwelling.

(e) The use of any land for the purpose of growing plants, crops, trees, and other agricultural or forestry products, raising livestock or for other agricultural purposes.

(f) A change in use of land or structure from a use within a class specified in an ordinance or rule to another use in the same class.

(g) A change in the ownership or form of ownership of any parcel or structure.

(h) The creation or termination of rights of access, riparian rights, easements, covenants concerning development of land, or other rights in land.

(4) Development as designated in an ordinance, rule, or development permit includes all other development customarily associated with it unless otherwise specified. When appropriate to the context development refers to the act of developing or to the result of development. Reference to any specific operation is not intended to mean that the operation or activity, when part of other operations or activities, is not development. Reference to particular operations is not intended to limit the generality of subsection (1).

#### Section 5. Areas of critical state concern.—

(1) The state land planning agency may from time to time recommend to the administration commission, specific areas of critical state concern. In its recommendation the agency shall specify the boundaries of the proposed areas, state the reasons why the particular area proposed is of critical concern to the state or region, the dangers that would result from uncontrolled or inadequate development of the area and the advantages that would be achieved from the development of the area in a coordinated manner and shall recommend specific principles for guiding the development of the area. Within 45 days following receipt of a recommendation from the agency, the administration commission shall either reject the recommendation as tendered or adopt the same with or without modification, and by rule designate the area of critical state concern and the principles for guiding the development of the area,

(2) An area of critical state concern may be designated only for:

(a) An area containing, or having a significant impact upon, environmental, historical, natural, or archeological resources of regional or statewide importance; or

(b) An area significantly affected by, or having a significant effect upon, an existing or proposed major public facility or other area of major public investment; or

(c) A proposed area of major development potential, which may include a proposed site of a new community, designated in a state land development plan.

(3) Each regional planning agency may recommend to the state land planning agency from time to time areas wholly or partially within its jurisdiction that meet the criteria for areas of critical state concern as defined in this section. Each regional planning agency shall solicit from the local governments within its jurisdiction suggestions as to areas to be recommended. A local government in an area where there is no regional planning agency may recommend to the state land planning agency from time to time areas wholly or partially within its jurisdiction that meet the criteria for areas of critical state concern as defined in this section. If the state land planning agency does not designate as an area of critical state concern an area substantially similar to one that has been recommended by a regional planning agency, or local government, it shall respond in writing to the regional planning agency or local government as to its reasons therefor.

(4) Prior to submitting any recommendation to the administration commission under subsection (1) of this section, the state land planning agency shall give notice to all local governments and regional planning agencies that include within

their boundaries any part of any area of critical state concern proposed to be designated by the rule, in addition to any notice otherwise required under chapter 120, Florida Statutes.

(5) After the adoption of a rule designating an area of critical state concern the local government having jurisdiction may submit to the state land planning agency its existing land development regulations for the area, if any, or shall prepare, adopt and submit new or modified regulations, taking into consideration the principles set forth in the rule designating the area as well as the factors that it would normally consider.

(6) If the state land planning agency finds that the land development regulations submitted by a local government comply with the principles for guiding the development of the area specified under the rule designating the area, the state land planning agency shall by rule approve the land development regulations. No proposed land development regulation within an area of critical state concern becomes effective until the state land planning agency rule approving it becomes effective.

(7) The state land planning agency and any applicable regional planning agency shall to the extent possible provide technical assistance to local governments in the preparation of land development regulations for areas of critical state concern.

(8) If any local government fails to transmit land development regulations within six (6) months after the adoption of a rule designating an area of critical state concern, or if the regulations transmitted do not comply with the principles for guiding development set out in the rule designating the area of critical state concern, in either case, within 120 days, the state land planning agency shall submit to the administration commission recommended land development regulations applicable to that local government's portion of the area of critical state concern unless it determines that the area is no longer of critical state concern. Within 45 days following receipt of a recommendation from the agency, the administration commission shall either reject the recommendation as tendered or adopt the same with or without modification, and by rule establish land development regulations applicable to that local government's portion of the area of critical state concern. In the rule the administration commission shall specify the extent to which its land development regulations shall supersede local land development regulations or be supplementary thereto. Notice of any proposed rule issued under this section shall be given to all local governments and regional planning agencies in the area of critical state concern, in addition to any other notice required under chapter 120, Florida Statutes. The land development regulations adopted by the administration commission under this section may include any type of regulation that could have been adopted by the local government. Any land development regulations adopted by the administration commission under this section shall be administered by the local government as if the regulations constituted, or were part of the local land development regulations.

(9) If the state land planning agency determines that the administration of the local regulations is inadequate to protect the state or regional interest, the state land planning agency may institute appropriate judicial proceedings to compel proper enforcement of the land development regulations.

(10) At any time after the adoption of land development regulations by the administration commission under this section a local government may propose land development regulations under subsection (5) which, if approved by the state land planning agency as provided in subsection (6), shall supersede any regulations adopted under subsection (8) of this section.

(11) Land development regulations adopted by a local government in an area of critical state concern may be amended or rescinded by the local government, but the amendment or rescission becomes effective only upon approval thereof by the state land planning agency under subsection (6) in the same manner as for approval of original regulations. Land development regulations for an area of critical state concern adopted by the administration commission under subsection (8) may be amended by rule in the same manner as for original adoption.

(12) If within twelve (12) months after the adoption of the rule designating an area of critical state concern land development regulations for the district have not become effective

under either subsection (6) or subsection (8), the designation of the area as an area of critical state concern terminates. No part of such area may be redesignated until at least twelve (12) months after the date the designation terminates.

(13) No person shall undertake any development within any area of critical state concern except in accordance with this act.

(14) If an area of critical state concern has been designated under subsection (1) and if land development regulations for the area of critical state concern have not yet become effective under subsections (6) or (8) a local government may grant development permits in accordance with such land development regulations as were in effect immediately prior to the designation of the area as an area of critical state concern.

(15) Neither the designation of an area of critical state concern nor the adoption of any regulations for such an area shall in any way limit or modify the rights of any person to complete any development that has been authorized by registration of a subdivision pursuant to chapter 478, Florida Statutes, recordation pursuant to local subdivision plat law, or by a building permit or other authorization to commence development on which there has been reliance and a change of position, and which registration or recordation was accomplished, or which permit or authorization was issued, prior to the approval under subsection (6), or the adoption under subsection (8), of land development regulations for the area of critical state concern. If a developer has by his actions in reliance on prior regulations obtained vested or other legal rights that in law would have prevented a local government from changing those regulations in a way adverse to his interests, nothing in this act authorizes any governmental agency to abridge those rights.

(16) In addition to any other notice required to be given under the local land development regulations, the local government shall give notice to the state land planning agency of any application for a development permit in any area of critical state concern, except to the extent that the state land planning agency has in writing waived its right to such notice in regard to all or certain classes of such applications. The state land planning agency may by rule specify additional classes of persons who shall have the right to receive notices of and participate in hearings under this section.

(17) Within the twelve (12) month period following the effective date of this section, the administration commission shall not designate more than five hundred thousand (500,000) acres as areas of critical state concern; provided, further, that at no time shall the administration commission designate a land area to be an area of critical state concern if the effect of such designation would be to subject more than nine per cent (9%) of the land of the state to supervision under this section.

(18) The administration commission may by rule terminate, partially or wholly, the designation of any area of critical state concern.

#### Section 6. Development of regional impact.—

(1) "Development of regional impact" as used in this section means any development which, because of its character, magnitude or location, would have a substantial effect upon the health, safety or welfare of citizens of more than one county.

(2) Prior to February 1, 1973, the state land planning agency, after consultation with the environmental land management study committee, established pursuant to section 9 of this act, shall recommend to the administration commission specific guidelines and standards for adoption pursuant to this subsection. Prior to March 15, 1973, the administration commission shall by rule adopt guidelines and standards to be used in determining whether particular developments shall be presumed to be of regional impact.

(a) In adopting its guidelines and standards the administration commission shall consider and be guided by:

(i) The extent to which the development would create or alleviate environmental problems such as air or water pollution or noise;

(ii) The amount of pedestrian or vehicular traffic likely to be generated;

(iii) The number of persons likely to be residents, employees, or otherwise present;

(iv) The size of the site to be occupied;

(v) The likelihood that additional or subsidiary development will be generated; and

(vi) The unique qualities of particular areas of the state.

(b) The rules adopted by the administration commission pursuant to this subsection shall not become effective prior to July 1, 1973.

(3) Each regional planning agency may recommend to the state land planning agency from time to time types of development for designation as development of regional impact under subsection (2). Each regional planning agency shall solicit from the local governments within its jurisdiction suggestions regarding development to be recommended.

(4)(a) If any developer is in doubt whether his proposed development would be a development of regional impact, he may request a determination from the state land planning agency. Within sixty (60) days of the receipt of such request, the state land planning agency shall issue a binding letter of interpretation with respect to the proposed development.

(b) Requests for determinations made pursuant to this subsection shall be in writing and in such form as prescribed by the state land planning agency.

(5) A developer may undertake development of regional impact if:

(a) The land on which the development is proposed is within the jurisdiction of a local government that has adopted a zoning ordinance under chapters 163 or 176, Florida Statutes, or under appropriate special or local laws, and the development has been approved under the requirements of this section; or

(b) The land on which the development is proposed is within an area of critical state concern, and the development has been approved under the requirements of section 5 of this act; or

(c) The developer has given written notice to the state land planning agency and to any local government having jurisdiction to adopt zoning or subdivision regulations for the area in which the development is proposed, and after ninety (90) days have passed no zoning or subdivision regulations have been adopted nor designation of area of critical state concern issued.

(6) If the development of regional impact is to be located within the jurisdiction of a local government that has adopted a zoning ordinance, the developer shall file an application for development approval with the appropriate local government having jurisdiction. The application shall contain, in addition to such other matters as may be required, a statement that the developer proposes to undertake development of regional impact as defined under this section.

(7) The appropriate local government shall give notice and hold a hearing on the application in the same manner as for a rezoning under section 176.051, Florida Statutes, or as provided under the appropriate special or local law and shall comply with the following additional requirements:

(a) The notice of hearing shall state that the proposed development would be development of regional impact;

(b) The notice shall be published and given in the usual manner, but at least four (4) weeks in advance of the hearing; and

(c) The notice shall be given to the state land planning agency, to the applicable regional planning agency, and to such other persons as may have been designated by the state land planning agency as entitled to receive such notices.

(8) Within 30 days after receipt of the notice required in paragraph (c) of subsection (7) of this section, the regional planning agency, if one has been designated for the area including the local government, shall prepare and submit to the local government a report and recommendations on the regional impact of the proposed development. In preparing its report and recommendations the regional planning agency shall consider whether and the extent to which:

(a) The development will have a favorable or unfavorable impact on the environment and natural resources of the region;

(b) The development will have a favorable or unfavorable impact on the economy of the region;

(c) The development will efficiently use or unduly burden water, sewer, solid waste disposal, or other necessary public facilities;

(d) The development will efficiently use or unduly burden public transportation facilities;

(e) The development will favorably or adversely affect the ability of people to find adequate housing reasonably accessible to their places of employment; and

(f) The development complies or does not comply with such other criteria for determining regional impact as the regional planning agency shall deem appropriate.

(9) The state land planning agency shall print each week, and mail to any person upon payment of a reasonable charge to cover costs of preparation and mailing, a list of all notices of applications for development of regional impact that have been filed with the state land planning agency.

(10) If the development is in an area of critical state concern, the local government shall approve it only if it complies with the land development regulations therefor under section 5 of this act.

(11) If the development is not located in an area of critical state concern, in considering whether the development shall be approved, denied or approved subject to conditions, restrictions or limitations, the local government shall consider whether and the extent in which:

(a) The development unreasonably interferes with the achievement of the objectives of an adopted state land development plan applicable to the area;

(b) The development is consistent with the local land development regulations; and

(c) The development is consistent with the report and recommendations of the regional planning agency submitted pursuant to subsection (8) of this section.

#### Section 7. Florida land and water adjudicatory commission.—

(1) There is hereby created the Florida land and water adjudicatory commission which shall consist of the administration commission.

(2) Whenever any local government issues any development order in any area of critical state concern, or in regard to any development of regional impact, a copy of such order shall be transmitted to the state land planning agency and the owner or developer of the property affected by such order. Within thirty (30) days after the order is rendered, either the owner, developer, an appropriate regional planning agency, or the state land planning agency may appeal the order to the Florida land and water adjudicatory commission by filing a notice of appeal with the commission. The appellant shall furnish a copy of the notice of appeal to the opposing party, as the case may be, and to the local government which issued the order. The filing of the notice of appeal shall stay the effectiveness of the order, and shall stay any judicial proceedings in relation to the development order, until after the completion of the appeal process; provided, further, that upon motion and good cause shown that the Florida land and water adjudicatory commission may permit materially affected parties to intervene in the appeal.

(3) Prior to issuing an order the Florida land and water adjudicatory commission shall hold a hearing pursuant to the provisions of part II, chapter 120, Florida Statutes. The commission shall encourage the submission of appeals on the record made below in cases where the development order was issued after a full and complete hearing before the local government or an agency thereof.

(4) The Florida land and water adjudicatory commission shall have the power to designate a hearing officer to conduct hearings, who shall have the power to issue notices of hearings, subpoenas requiring the attendance of witnesses and the production of evidence, to administer oaths and to take testimony as may be necessary or in conformity with this act,

and such hearing officer shall certify and file with the commission, recommendations, findings of fact, and a proposed order.

(5) Within one hundred twenty (120) days, the Florida land and water adjudicatory commission shall issue a decision granting or denying permission to develop pursuant to the standards of this act, and may attach conditions and restrictions to its decisions. Decisions of the commission shall contain a statement of the reasons therefor. Decisions of the commission are subject to judicial review under part III of chapter 120, Florida Statutes.

#### Section 8. Protection of landowners' rights.—

(1) Nothing in this act authorizes any governmental agency to adopt a rule or regulation or issue any order that is unduly restrictive or constitutes a taking of property without the payment of just compensation in violation of the constitution of this state or of the United States.

(2) If any governmental agency authorized to adopt a rule or regulation or issue any order under this act, shall determine, that to achieve the purposes of this act, it is in the public interest to acquire the fee simple or lesser interest in any parcel of land, such agency shall so certify to the state land planning agency, the Board of Trustees of the Internal Improvement Trust Fund, and other appropriate governmental agencies.

(3) If any governmental agency denies a development permit under this act, it shall specify its reasons in writing and indicate any changes in the development proposal that would make it eligible to receive the permit.

#### Section 9. Environmental land management study committee.—

(1) There is hereby created an environmental land management study committee to consist of fifteen (15) members. The governor shall appoint nine (9) members and designate one (1) as chairman. The governor shall include amongst the members appointed by him representatives of environmental interests, organized labor, business interests, the home construction industry, the academic community, the land sales industry, real estate interests and shall consider other professions and occupations which may be affected by the provisions of this act. The president of the senate shall appoint three (3) members and the speaker of the house shall appoint three (3) members. Members of the committee shall serve without compensation but shall be reimbursed for all necessary expenditures in the performance of their duties. The committee shall continue in existence until its duties are terminated, but not later than June 30, 1974.

(2) The committee shall study all facets of land resource management and land development regulation with a view toward insuring that Florida's land use laws give the highest quality of human amenities and environmental protection consistent with a sound and economic pattern of well planned development, and shall recommend such new legislation or amendments to existing legislation as are needed to achieve that goal.

(3) As part of its work the committee shall review the land use laws of other states, the relevant federal laws, the progress of the American Law Institute's project to draft a model land development code, and the general pattern of court decisions in the land use area. The committee shall examine techniques for encouraging new types of well planned development including methods of regulating planned unit developments and new communities.

(4) The committee shall also consult with local governments and regional planning agencies regarding their land use problems, consult with relevant state agencies, including the Florida environmental inventory council, created under section 370.0212, Florida Statutes, and shall obtain the views of the public, including the views of businesses and professions concerned with use of land, and of other interested groups.

(5) The committee shall prepare and submit to the governor and the legislature not later than December 30, 1973, a report which shall contain:

(a) Such proposals for changes in legislation as are recommended by the committee;

(b) Drafts of model development ordinances which will assist local governments in adopting development ordinances as required by this act;

(c) Analyses of and comments on other relevant state-commissioned studies and reports, including reports prepared by the Florida environmental inventory council, created under section 370.0212, Florida Statutes;

(d) Review of, and recommendations on, the current status and effectiveness of regional planning agencies with regard to land and water management; and

(e) Such other findings and recommendations as the committee chooses to make.

(6) The committee shall prepare and submit an interim report to the governor not later than December 31, 1972, and to the legislature not later than March 15, 1973.

(7) The committee shall employ an executive director and may employ such other staff and consultants as needed to carry out its functions.

(8) The department of administration shall provide necessary staff to the committee.

(9) Prior to submitting any recommendation or issuing any rule under this act, the state land planning agency shall consult with and obtain the advice of the committee.

**Section 10. Appropriation.**—A sum of one hundred fifty thousand dollars (\$150,000) is appropriated from the general revenue fund to the department of administration for the purpose of paying salaries and other administrative expenses and costs necessary to carry out the terms of this act for the period from May 1, 1972 through June 30, 1973.

**Section 11. Severability.**—If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances, is not affected.

**Section 12. Effective Dates.**—This act shall become effective July 1, 1972, except that sections 9 and 10 shall become effective May 1, 1972, and except that no area shall be designated as an area of critical state concern pursuant to paragraph (a), subsection (2) of section 5 until a favorable vote at a referendum on a state land program for the acquisition of lands of environmental importance to the state or region.

Senator Saylor moved that the rules be waived and time of adjournment be extended until final action on CS for SB 629 or until 5:30 p.m., whichever occurs earlier. The motion failed.

On motion by Senator de la Parte, SB 982 was withdrawn from the Committee on Ways and Means by two-thirds vote and placed on the calendar.

Senator Hollahan announced that beginning Wednesday, March 22, following consideration of Redistricting and Reapportionment Bills, the Special Order of the Senate would be bills implementing the general appropriations bill, claims bills and bills relating to environmental and natural resources.
